DETAILED ACTION

Information Disclosure Statement

The information disclosure statement (IDS) submitted on October 04, 2004 is noted. The submission is in compliance with the provisions of 37 CFR 1.97 and 1.98. Accordingly, the information disclosure statement is being considered by the examiner.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Duane Durbin on November 22, 2005.

The application has been amended as follows: the phrase "the occlusal bite registration impression" in claims 1 and 11 was amended to read "an occlusal bite registration impression" in order to overcome a rejection based on lack of antecedent basis.

Allowable Subject Matter

Based on the above examiner's amendment, claims 1-20 are allowable.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The inventive step of the application involves the fabrication of a physical replicated bite model from the bite registration impression. Although prior art discloses the use of negative image dental scans for the production of the corresponding positive dental appliances, the use of a negative dental image scan to produce a replicated negative dental appliance is not disclosed in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. See attached PTO-892 for prior art of reference.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Patrick J. Kilkenny whose telephone number is (571) 272-8684. The examiner can normally be reached on Mon-Fri, 8-5:30.
